

AUTOMATIC OPERATORS

Overview

To comply with the equality act also known as DDA & the requirements of BS EN 16005, Bamford Doors can offer a full range of tailor-made packages to meet your needs from full installation to maintenance.

Bamford Doors are members of the Automatic Door Suppliers Association, approved Record installer and all our technicians are fully qualified and trained to BS EN Standards.

The **Record DFA 127 automatic swing door** can be used as the basis for a wide variety of swing door applications thanks to its advanced programmable microprocessor and compact design. In addition, it is almost silent in operation which makes it additionally suitable in quieter environments.
