

BLOCK ADDRESS SIGNS

A LITTLE SOMETHING TO HELP

Repairs after relocating door entry panels or installing them into new side screen for communal doors, which comply with Part M of the Building Regulations, can leave you with unaesthetically pleasing walls or brickwork.

We can supply and install a purpose made sign, tailor made with your logo, and other required information, to cover the old door entry aperture.

SPECIFICATION

- Constructed from 5mm polycarbonate
- Secured with Stainless Steel Vandal Resistant, Anti Tamper Security Screws
- Tailor made to your requirements in relation to size, font logos etc.
