

HMO APPLICATIONS

HMO Applications usually have a door from our raised and fielded range

What is an HMO?

A house in multiple occupation (HMO) is a property which has been divided into separate units of accommodation, which is occupied by three or more persons who are not from one household but share facilities like the bathroom and kitchen.

What Bamford Doors offers HMO property?

The Bamford "single" entrance door a visually appealing security door to any HMO house, which provides excellent resistance against vandalism and forced entry, whilst retaining the look of a traditional type of door.

Security Requirements

The best option would be to replace the doorset with one that has Secured by Design approval. Bamford doors are tested to Certisecure STS 202 or Pas 24:2016

The door can be controlled via magnetic locking with door entry and access control or fitted with an automatic dead locking device with keys.

The door leaf can incorporate additional security features such as door viewers and letterplates.
